Instructions:

The best 5 players are awarded votes. Best player gains 5 votes, second best 4 etc down to 1 vote.

Please return voting slips to the Team Manager

Allocating *Best and Fairest* votes to players is an opportunity to recognise those players who perform well on a weekly basis, but also an opportunity to recognise those players who improve from week to week. It is not all about kicking goals, but providing an opportunity to those who do kick goals, those who play a position to support getting the footy and those who set up good play. You may wish to consider a number of factors when allocating your votes:

Use of the footy – creating opportunity, kicking or handball to a team mate

Contesting the footy – marking, picking up the loose footy, or making the opposition work hard to get it

Supporting team mates – chasing hard, tackling, second phase play or never giving up

Playing within the rules and not questioning an 'unfavourable' umpire call

Listening, learning and improving
